Application Tutorial

Mark Diamond Research Fund
Courtney Doxbeck, Director
Learning Outcomes:

• In this presentation, we will cover
  • Overview of the MDRF
  • Eligibility Criteria
  • MDRF Grant Application Process
  • Next Steps
  • Contact Information
Overview of the MDRF

• The Mark Diamond Research Fund comes from a combination of your student activity fee and the Office of the Vice-Provost for Academic Affairs

• Maximin Grant Amounts include:
  • $3000 for Doctoral students
  • $2000 for MFA students
  • $1500 for Masters students
Who can apply?

• Students...
  • who are enrolled in a Masters, MFA or PhD program at UB
  • who have paid the Graduate Student Activity Fee
  • whose application is related to a master’s thesis, MFA final project or to doctoral dissertation research or final project
MDRF Grant Application Process

• The MDRF application is now **fully online**

  [HTTPS://UBMDRF.GRANTPLATFORM.COM/](https://UBMDRF.GRANTPLATFORM.COM/)

• Applications are due by 3pm on the due date

• No applications or forms will be accepted via email. Applications sent via email are considered incomplete and will be automatically rejected!

• All forms, including signed CMA forms and Letters of Research Support, must be uploaded to the application system. There are no exceptions.

• Failure to meet the deadline will result in the automatic rejection of your application
Notes

• If you are a first time applicant, you must register an account to fill-out and submit an application. Please use your UB email address when registering.

• **Incomplete applications are automatically rejected.** This includes improperly initialed/unsigned Committee Members’ Assurance Forms and missing/incorrect quotes. It is the applicant’s responsibility to make sure all CMA Forms are completed correctly and included in the application. **Typed names do not count as acceptable signatures**
Available Resources

• Students **must** read the application instructions at [https://ubwp.buffalo.edu/gsa/mdrf/](https://ubwp.buffalo.edu/gsa/mdrf/)

• The MDRF director will review applications up to **two weeks before** the deadline
  • All applications for review must be in Word document format and emailed to [gsa-mdrf@buffalo.edu](mailto:gsa-mdrf@buffalo.edu)
  • Applications cannot be reviewed within the grant management system
MDRF Grant Application

• The following slides contain screenshots that show how to fill-out the application. There are also some tips to help you. If you have any further questions about the application process, please email the MDRF Director at gsa-mdrf@buffalo.edu or review the application instructions on the website
Register using your UB email address

Start here

1. Register an account.
2. Start your application (save it in-progress).
3. Submit your application to be reviewed.
Best of luck!

Fall 2021 Important Information

Dates

- Application deadline: September 17, 2021, at 3:00 PM EST.
- Please note the application deadline, this date is final and there will be no extensions provided. The system will automatically prevent application submission after the deadline.
- Successful applicants will be notified by October 31, 2021.

Support

If you have any questions about the application process, please contact the MDRF Director by email to gsa-mdrf@buffalo.edu

Fall 2021 Application Instructions
Fall 2021 Application Tutorial

- You may edit your application after submitting, up until the deadline date.
- Please make sure all your personal details are entered accurately, including contact details, so that we may contact you if your application is successful.
Select your degree path under “Category” (e.g., PhD, Masters, MFA).

Name your application with your first and last name, and confirm that you are eligible before continuing.
Follow the instructions on this page as requested.

You may click through the entire application at this point, and return to pages at a later time.
The "APPLICANT’S ASSURANCE" section includes the only signature that may be typed. All other signatures in this application (uploaded via PDFs) must include digital or written signatures.
Clicking arrows like these can reveal instructions for each section.

In the box below provide a clear and concise summary of your MDRF research proposal, stating the **specific aims of the research or potential outcomes for the project** for which you are requesting MDRF funding and **describing the data to be collected, consulted, or created; the methods or techniques to be used or the conceptual framework of the project; and the resources needed from MDRF.** Any UB graduate student should be able to understand this abstract. Avoid summaries of past accomplishments. This abstract is meant to serve as a succinct and accurate description of the proposed work when separated from the rest of the application. Please note there should be no use of first person pronouns in the Abstract.

Word limits identified within the system can not be exceeded. No exceptions.

The abstract now includes its own glossary. Glossary items should be listed and defined in the order in which terms appear in the abstract.
MDRF Project Plan

Clearly and concisely describe the research or final project for which you are requesting MDRF funding using the following categories: a) Specific Aims of the Research or Potential Outcomes of the Project; b) Background and Significance of the Research or Project or the project's Contributions to the Field; c) Progress Report, Preliminary Studies, Previous Related Projects, or Influences; d) Methods, Techniques or Context and Conceptual Framework; and e) Resources Needed. Please use these prompts as subheadings in this section. See Application Instructions for more complete explanation of what is expected in this section.

Use headings a through e (outlined above) to structure your project plan.

Terms should be defined in the order in which they appear in the project plan.

References must be uploaded using 12-point font and cannot exceed one page. .doc, .docx, and .pdf are all acceptable formats.
Section A is for every expense you expect to incur while doing your research, including what you will be asking MDRF funding for. Do Not include in-kind items here. Remember to include tax, if relevant.

Section A can include non-fundable items and can be over the amount you are eligible to apply for.

### Section A

<table>
<thead>
<tr>
<th>Item Description</th>
<th>Quantity</th>
<th>Unit Cost</th>
<th>Total Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td></td>
<td>US$</td>
<td>US$</td>
</tr>
<tr>
<td>2</td>
<td></td>
<td>US$</td>
<td>US$</td>
</tr>
<tr>
<td>3</td>
<td></td>
<td>US$</td>
<td>US$</td>
</tr>
</tbody>
</table>

Total from Section A
Section B will include the difference between the amount you are eligible for (Section C) and your total expenses (Section A); include other funding sources here.

In all budget tables, you may add rows as needed.

Section B (in-kind) is optional. Don’t forget to check hint text!
Section C should contain all MDRF expenses. The total should not exceed the eligible amount.

Note: include as many fundable items in this section as you can, even if just partial amounts. The MDRF can only fund items in Section C.

Lines can be added to this budget. You can have partial amounts listed in order to prevent exceeding the eligible funding amount.
Terms should be defined in the order in which they appear in the project plan.
This is a professional letter, and it should be signed and on letterhead by your advisor. **PDF format only.**

**Appendix A: Letter of Research Support**

Select file

**Appendix B: Curriculum Vitae**

Select file

**Appendix C: Acceptance to Candidacy**

Included

**Appendix D: Human Subject Approval**

Select file

Any appendices marked “included” will prompt a file upload in PDF format.
Please read the application instructions for full information on correct price quote documentation. Incorrect quotes will result in automatic rejection of your application.

Include three quotes—from three different vendors—for any item over $200. Title what the quote is (i.e., Lodging in NYC). If using one website with multiple vendors (like Airbnb or Expedia), mark the price and number the quote. If the vendor doesn’t matter, the cheapest of your quotes should be first and the price that’s in the budget.

This glossary must be in alphabetical order and include all terms defined in the application. PDF only.
Supporting Materials are optional

Instructions

1. Upload JPEG or PDF files. Please contact the director if you would like to share any other file type with the Review Council. Maximum file size is 5MB per piece.
2. Supporting materials might be surveys and interview questionnaires to be used, samples of programs and recording of performances, videos, graphs, diagrams, tables, charts, maps, photographs or slides. If you are requesting funding for special services (translator, performer, expert) you must include appropriate documentation, resumes and/or CVs in this section.
3. Please note that this is not a required portion of the application.
CMA forms must be initialed and signed (signatures cannot be typed; Adobe signatures preferred).

Select your degree program first, then upload the number of required CMA forms

(MA students = 1 CMA form; MFA and PhD = 3 CMA forms)

File types accepted are PDF, JPEG and JPG. File upload maximum is 5 mb.
Click "submit application" when you are finished.
You may revise your application at any time until the deadline.
Next Steps

• You submit your electronic application by 3pm on the electronic submission deadline

• The Review Council will review your application and you will receive notification of their decision before the start of the grant cycle you applied to
