Escape for a transformative, exciting trip to the Rainbow Nation: South Africa, to learn, un-learn and re-learn alongside high school students in Makhanda (formerly Grahamstown), situated in the heart of the Eastern Cape Province.

Support awesome students on their academic journeys (and learn about yourself, too!)

Work alongside local micro-entrepreneurs to build and enhance a social enterprise in a community with very limited employment opportunities.

Learn from human rights activists working tirelessly to build on the assets of the community.

Immerse yourself in rich, local culture that embodies the spirit of Ubuntu.

Co-create initiatives that can be carried forward long after you depart the Rainbow Nation for home.

Next Trip: 12.28.2022 to 1.10.2023
