SPECIAL INTEREST AND INTERNATIONAL CLUBS RECOGNITION POLICY GUIDELINES

INTRODUCTION

The Graduate Student Association encourages, supports and sponsors the formation, growth and activities of clubs that benefit the graduate student community with services **not already being provided by any other GSA club**. This allows groups of students who share common interests to carry out activities as organized bodies for educational or recreational purposes. The Graduate Student Association has the authority and responsibility to recognize special interest and international clubs, and to ensure that recognized clubs conform to the policies, which it endorses, and to University rules and regulations.

Recognized campus clubs are urged to address the overall spirit of the principles of non-discrimination (e.g. age, race, sex, religion, disability, ethnicity, nationality, sexual orientation, etc.) by encouraging broad participation in their activities and programs. Furthermore, student clubs are encouraged to plan their activities in functional and accessible facilities providing reasonable services and accommodations when meeting on or off campus. All club events MUST be held in public places. Under no circumstances can events be held in a private residence.

The GSA reserves the right to deny recognition to new clubs, and to review, sanction or revoke existing ones when it deems it appropriate.

RECOGNITION OF CLUBS

Recognition implies that the club has been incorporated into the Graduate Student Association. It allows the clubs to use University facilities, services, rental equipment, advisory services, publicity outlets, and to seek funding from the GSA for its activities.

Special interest and international clubs must be recognized by the GSA Board of Directors every year either during the Early Recognition process (the deadline of which is **March** of the previous academic year), or **by the December Board of Directors Meeting**.

All newly recognized clubs will receive \$350 for their first year and can then apply for a full budget the following year, upon successful review by the GSA Vice President.

REQUIREMENTS FOR RECOGNITION OF STUDENT ORGANIZATIONS

For the purposes of this document, a **graduate student** is a student who pays or would pay the Graduate Mandatory Student Activity Fee (i.e. not Medical, Dental, Law, Graduate Management Association, School of Pharmacy Student Association, etc.).

In order for a student club to qualify for recognition:

1. Its membership must be open to any member of the graduate student body of the University at Buffalo who chooses to belong (see Membership section).
2. It must demonstrate to the satisfaction of the GSA Board of Directors that its purposes are of cultural, social, or educational nature and that its overall purpose will be of general benefit to the university's graduate student community.
3. It must show that its purposes materially differ from any other GSA club already established on this University.
4. It may not have an affiliation with any third-party organization whose rules may supersede those of the Graduate Student Association, or who charge dues for membership.
5. It must submit By Laws or have them on file at the GSA.
6. It shall hold regularly scheduled meetings at least once a month, and it shall furnish minutes of all its proceedings, copies of which will be sent to the GSA office to be kept on file.
7. All special interest and international clubs must send a representative to GSA Board of Directors meetings; no person can represent more than one club at Board of Directors meetings.
8. If the Board representative is missed at two consecutive Board of Directors meetings, the club shall have its budget frozen, to be reinstated only when a representative appears at a subsequent Board meeting.
9. All club meetings and events must be **advertised**, and the official name of the club, as stated in its By Laws, shall be used. All club activities may be publicized and announced via the GSA website's calendar and the GSA Facebook page.
