

# Comparative Bioacoustics Laboratory

## Research Assistant Application

Date: \_\_\_\_\_

Name: \_\_\_\_\_

Email: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Major(s): \_\_\_\_\_

Class (e.g., Sophomore): \_\_\_\_\_

Overall GPA: \_\_\_\_\_

PSY GPA: \_\_\_\_\_

Relevant previous courses and grades: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

What types of Psychology are you interested in? \_\_\_\_\_

\_\_\_\_\_

What skills or training (e.g., computer skills, previous research experience, statistical expertise, programming, etc.) do you have that would benefit this lab: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Are you interested in working in the laboratory for more than one semester? \_\_\_\_\_

Students are required to work 3 weekly lab hours for every 498 credit. Schedules are created based on your availability during lab hours (change every semester but could range from 8 am to 6 pm, 5-6 days/week). Students must adhere to their schedule for the entire semester. Students typically work shifts 3-4 hours in length. Additionally, students are most helpful for opening and/or closing hours. If you are offered an RA position after interviewing, I will need a final schedule of availability about a month before the semester begins.

Please return completed application to Dr. Micheal Dent at [mdent@buffalo.edu](mailto:mdent@buffalo.edu)
